The time is now. The ancient Blade of Power has vanished, the Mercurian Monks have fallen, and a new leader commands the Templar terror cells. As the gates of hell crack open, unleashing the damned Swordsmen and their hell-spawn legions upon the world, only one force can stop them—the power of the Godsend.

Austin Jackson was just looking for a fresh start in the big city. Now, wielding an ancient weapon capable of turning the tide against the forces of evil, Austin must rise to the mantle that fate has thrust upon him and stand as the last defense against the end of the world.

Godsend is a high-octane comic book saga that merges myth, dark forces, and the struggles of an ordinary man thrust into an extraordinary destiny.

Shakespeare's Vampires is not your mommy's vampire story! It's a bold new literary take on vampirism, crossed with anime infused designs, a comic book soul and, of course, a mega inspiration from William Shakespeare's "Romeo & Juliet".

Romeo and Juliet did not really die in the traditional sense. The night they tried to commit suicide they were turned into vampires. This changed everything. And for the past 400 years, they've been at war with each other. Looks like their relationship went beyond "it's complicated." And now, in modern day London, two sisters are at the center of a centuries long conflict that could reshape the underworld forever...

Hermes Press presents an original graphic novel adding a new chapter to the classic vampire/gothic romance universe of Dark Shadows — The Curse of Dark Shadows with a spell-binding script by Craig Hurd-Mckinney and artwork by Jok. This 176 page color graphic novel presents a tale of drama and suspense: Carolyn Stoddard-Hawkes made a deathbed promise to her mother. But, in order for Carolyn to complete that promise, she must rely on the one person in the world she doesn't want to see: vampire Barnabas Collins. His return home after an extended period away sets in motion a chain of events that will change the Collins family forever. Can Carolyn and her cousin David survive the newly-awakened Curse of Dark Shadows, or will Barnabas be the end of the family line? Also included are documentary content with art and supplemental materials. —John Logan, Playwright Screenwriter and Creator of PENNY DREADFUL after reading this new chapter in the Dark Shadows saga observed: "If you, like me, long for more adventures at Collinwood and with your Dark Shadows friends, look no further. CURSE OF DARK SHADOWS is modern, sexy, scary and, most of all, thoroughly Dark Shadows."

A prequel to the popular Dethany character from the hit newspaper strip On the Fastrack. When Dethany Dendrobia, the cheerful 12-year-old Goth, joins the neighborhood swim team, she assumes she is just helping out friends who need an extra person to qualify for meets. Outdoor sports are definitely beyond her comfort zone, but Dethany relishes the opportunity to spend the summer with her best buds before they move up to 8th grade--and before her family is transferred to a new town.

However, not long after her first meet, mysterious incidents begin happening at the pool, and Dethany is the prime suspect. As she and her friends fight to clear her name, they uncover evidence that leads to stakes more important than a simple relay race.

This coming-of-age graphic novel features the normal milestones of puberty set against a dastardly plot of local intrigue. Dive in!

"DETHANY AND THE PHANTOM OF THE SWIM TEAM is delightful, imaginative, and takes problem-solving to fun new levels. You'll love tween Dethany and her quirky and determined circle of friends."

Referred to by comic strip historian Maurice Horn as the "granddaddy of all costumed superheroes," The Phantom was created in 1936 by Lee Falk. The strip hit the funny pages of newspapers well before the Dark Knight or Superman made their first appearances and has been acknowledged as an influence on every "masked man of mystery" since. The Phantom set the standard for action, adventure, intrigue, and romance in adventure comic strips and comic books — it has frequently been copied but never equaled.

This exciting 34th volume continues the SY BARRY YEARS! Reprinted in all its black and white glory, journey with Hermes Press as we bring you five complete continuities drawn by Sy himself which continue the adventures of The Phantom, Diana, and his two children: "The Death Threat,"The Master of Eden," "Attack of the Witchmen," "The Valley of the Elephants," and "Zima the Rogue Elephant" Also included is a comprehensive essay and documentary materials.

ART
GEORGE WILSON

What made many of the great adventure comics of the 1960s so attractive were their fantastic painted covers by artist George Wilson. Wilson also turned in hundreds of painted covers for paperback books that range from The Phantom and Flash Gordon to romance, adventure and war titles, all illustrated in the extensive survey of his work. Unlike the majority of comic book covers of the era, Wilson's covers harkened back to the era of pulp magazines and were spectacularly eye-catching. He turned in efforts for literally hundreds of comics titles — this important monograph on the artist provides examples of every genre he worked in. Presented are cover paintings scanned from the original artwork from Classics Illustrated, The Twilight Zone, Ripley's Believe It or Not, Doctor Solar, Magnus Robot Fighter, Turok, Son of Stone, Star Trek, Korak, Son of Tarzan, Mighty Samson, Brothers of the Spear, Boris Karloff Tales of Mystery, Space Family Robinson, Dark Shadows, and The Occult Files of Doctor Spektre to name but a few. This new art book focuses on over 300 examples of his cover art accompanied by an introduction by famed artist Joe Jusko, an exhaustive essay by Anthony Taylor and the only interview Wilson ever gave. This is the utlitmate, definitive art book about one of the most important cover artists of the Silver and Bronze ages.

Frost Road weaves a narrative that blends emotional intensity, chilling atmosphere, and unsettling dread that centers around one haunting question: What if the world ended—and no one could hear it?

A man wakes up in the wreckage of a car crash, his memory shattered. Nearby, the town of Frost Road is eerily silent. Buildings stand abandoned. Vehicles are frozen mid-escape. And the few survivors left are barely clinging to their sanity. Something is happening. Something unseen. An invisible signal that warps the mind, turning people into violent husks of themselves. The only person immune is a local woman with her own dark past, and a prisoner who clearly knows more than he's saying. Together, they have one goal—escape Frost Road. But as they fight through the chaos, a terrifying truth emerges: Frost Road may not be the only town. The deadly waves — too low to hear, too powerful to resist—are spreading. And if they can't stop them here, the entire world may fall silent.
